## Message from the Section 1510 Chair by Rich Eggleston

Hello to All the members of section 1510.

First I would like to thank Gary Winer for his great talk about patents and company property preservation. It was one the many great speakers we had during our dinner meetings this year. (thanks Eleanor) Our next meeting will be a joint meeting with the local chapter of SME, which will be held at Tropical Acres in Fort Lauderdale. Rich Charron will speak about Lean Manufacturing and manufacturing cells. This should be an interesting meeting for all. See information on the web or the Variant.

I would like to thank Amarilis Acosta for all the work she did on the Section Management Process submission. Thanks to the work of all the Board members for volunteering their time, Section 1510 has once again been recognized for excellence in ASQ section management.

Also a reminder that January starts the refresher courses for certification exams (Good Luck).

Along with the Board of Section 1510 I hope all a Prosperous and Healthy New Year

See ya soon!

*Rich*

## Message from the Section 1515 Chair by Jay Stahan

### From the section 1515 Leadership Team, Hello to South Florida ASQ Members!

First, a very **HAPPY NEW YEAR** to all our 1515 Members from the **1515 Lead Team!!** Please include the activities of section 1515 in your plans for 2010.

Our last activity was a presentation given by **Myriam Ochart**. Myriam's presentation was on the Voice of the Customer (VoC), certainly a topic applicable to any organization, large, small, service, manufacturing, profit, or non-profit.

Myriam gave a very comprehensive presentation focused upon "Acting on the Voice of the Customer". Myriam began the session by gathering surveys from attendees as to why they are attending this session!! Great question!! The answers were:

- ◆ Learn more about Voice of the Customer
- ◆ Learn about Quality Systems
- ◆ Because Myriam was the speaker !

I can attest that Myriam satisfied all 3 reasons for our attending!!

Myriam stressed that gathering data and information is a key part of the VoC process. However, if an organization does not act upon the results of input from Customers, the organization could lose opportunities for competitive advantage. Myriam integrated the Kano Model to put into perspective Customer needs, preferences and response categories. A case study was then discussed to appreciate the application of acting on the VoC, including using the **Kano** model for categorizing input

- *Lead section members into developing their potential through ASQ certification*

## ASQ 1515- PALM BEACH

### January 14, 2010 Event

#### “Applying Lean Sigma in a Green and Sustainable World”

Understanding how the tools and methodologies of the quality world apply to the green and sustainable initiatives of corporations.

The company, **Lean and Green**, was established to assist in the implementation of Sustainable Business Solutions to reduce tangible and intangible waste. **Lean and Green** uses a methodology combination of Lean, Six Sigma and Green tools. Deliverables include a roadmap and action plan to attain maximum stakeholder's satisfaction, higher profits and ROI on funds employed. We help our clients become green and lean.

Our speaker, **Rudy J. Magasrevy** is the Managing Director of **Lean and Green LLC**. **Rudy** is an ASQ Certified Six Sigma Black Belt, and a member of the Solar Energy Industry Association, American Society for Quality, American Society of Civil Engineers and other grass roots networking organizations. ## ASQ 1515 - PALM BEACH

### February 17, 2010 Event

#### Turning Defects into Dollars: Using the Cost of Quality to Drive Improvement

Today management insists on seeing value for every initiative we undertake or propose. When improving software-related processes this has often proved elusive. Yet the data we need are sitting there (unused) and staring us in the face. Learn to unleash the power in these data and apply the Cost of Quality model to demonstrate cost savings and avoidance, improved revenue, and ROI. Learn to apply COQ to ANY process or initiative not just software.

Our speaker **Rebecca Staton-Reinstein**, Ph.D., is president of Advantage Leadership, Inc., and works with organizations around the world that want to improve bottom- and top-line performance, engage employees, and delight customers through strategic approaches, planning, and leadership. She is the author of books on strategic planning and leadership and improving software quality.

Date: **Wednesday, February 17, 2010**

Time: **6:30 p.m.**

Place: NCCI, 901 Peninsula Corporate Circle, Boca Raton

from the case study. Finally, Myriam handed out an excellent Survey Readiness Test checklist. Surveys can be a key part of receiving VoC data and information. The checklist is a great reference for those individuals using surveys for VoC initiatives.

Our thanks to Myriam for an interesting and well received presentation.

Previous to Myriam's presentation, **Joni Judd** spoke before our attendees. Joni is a south Floridian, and is a Director of ASQ (National) as well as ASQ's Region 15 Director (which governs sections 1515 and 1510). Joni made note of National ASQ's interest in maintaining membership levels, particularly during the recent difficult economic time. Joni also noted that on the National ASQ website ([www.asq.org](http://www.asq.org)), a variety of information is available to assist any quality professional, including the Knowledge Center reference as well as offerings from the Learning Institute which support individual member's career path development.

As many of you know, both Joni and Myriam (Deputy Director of Region 15) give much of their personal time to make ASQ a better professional organization for all of us, including the members of sections 1515 and 1510. Without such volunteer efforts, the support and resources ASQ provides to the quality professional would not be so valued. I wish to THANK Joni and Myriam for your personal contributions to the make ASQ a viable entity helping all of us in today's competitive environment.

For future activities of Section 1515, please refer to this edition of the *Variant* for our list of activities, or visit our refreshed website at [www.asqpalmbeach.org](http://www.asqpalmbeach.org).

This is a joint meeting with the Society of Manufacturing Engineers and will be held at Tropical Acres in Fort Lauderdale.

## **RECERTIFICATION TIPS AND REMINDERS**

Have three years passed so quickly that you're ready to recertify your ASQ Certifications? Some points to consider that will make the process quick and easy for everyone:

- Provide corroborating documents for the recertification units (RUs) that you claim in your journal application.
- Make sure that the RUs claimed were earned BEFORE the expiration of your certification – if not, they will apply to the *next* certification but not the *current* certification.
- If you're synchronizing two or more certifications, be sure to have enough RUs accumulated for the *shortest* period, i.e., the certification that expires *latest* (that you're "pulling in" to the same date as the *first* of the certifications that are expiring).
- **SIGN THE ETHICS STATEMENT** on the Recertification Journal application! This is critical – without your signature, the application will not be processed.
- Enclose payment, made out to "ASQ" not to Section 1510 or 1515, not to any person. If you wish to make payment by credit card, sign the credit card section AND ALSO BE SURE TO SIGN THE ETHICS STATEMENT – there are TWO different signatures for two different purposes.
- For **Section 1510**, please DO NOT send your application by private carrier (DHL, UPS, FedEx, etc.) – private carriers cannot deliver to P O boxes.
- Please DO NOT send your application by Certified Mail or by Express Mail. Certainly these deliver to PO Boxes, but they require in-person signature for receipt which may delay your application. If you feel you must have delivery confirmation, pay the much smaller cost (less than a dollar) and get delivery confirmation through the post office.

## **Section 1510 Address Update**

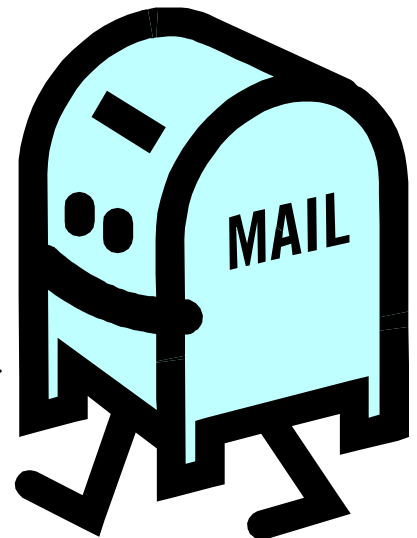

Section 1510 has a new Post Office Box. The new address is:  
ASQ Section 1510, PO Box 823855, Pembroke Pines, FL 33082-3855  
Mail will be forwarded from the old box for a limited period of time.

## **Section 1510 Recertification Address Correction**

The October Newsletter listed an incorrect address for recertification packages. The correct address is:  
ASQ Section 1510, Attn: Jim Carbone, P.O. Box 4343. Ft. Lauderdale, FL 33338-4343. For questions on Recertification for section 1510, please contact Jim at james.carbone@gmail.com or (954) 817-9797.

## **Section 1515 Recertification Address**

Section 1515 recertification packages should be sent to:  
Judy Gottesman c/o NCCI, 901 Peninsula Corporate Circle, Boca Raton, Florida 33487-1362.  
Judy's contact info is judy\_gottesman@ncci.com, (561) 893-3086
